

Jacqueline Wilson
Bylaws Chair
March Report

The new portal is up and running and all units regardless of what they had done previously must complete their bylaws on the new portal, as all past information has been deleted.

I have fielded many questions from units wanting to add certain items to their bylaws, and who have questions regarding the few changes that were made to the pattern.

*council delegates can NO LONGER be listed as officers or on the executive committee

*all units must choose an option for the nominating committee to publish the slate to the membership (two weeks or one month)

A reminder that when you go in to renew your bylaws please read the directions carefully and check amendment ONLY if you are amending existing bylaws not if you are renewing your current bylaws

Also if you make a dues change when you renew your bylaws, that change takes place immediately on your online membership, so be aware of that issue

Finally, I will not move any bylaws forward until I have received the signed cover sheet, so do not forget to send it to me (original only not an email copy!)
