

Bylaws Report (Sept -October)

Board of Managers Meeting(as of Nov 7)

Jacqueline Wilson

1. Bylaws approved and sent to units- 26
2. Bylaws awaiting state approval - 1
3. Bylaws currently in queue - 21 -waiting on return of cover sheets in order to move the process forward (emails have been sent)

A reminder that any unit who has expired bylaws will not be eligible for any awards at the region or state level-

It looks like the new system will be ready within the next few weeks with early December being the latest as long as everything goes as planned.

Units may still continue to do their bylaws in EZ. If they are done there I will be able to access and approve them in the old system and then they will be transferred to the new system when approved by state bylaws coordinator.
