Spring Conference Report
May 11, 2022

A reminder that in order for a unit or council to be eligible for any awards or recognitions, they MUST be a “unit in good standing”. This means that your membership and insurance are paid, that your bylaws are up to date and you have filed your 990 for the current year.

The Suffolk Region website (www.suffolkpta.org) has information on the awards given by Suffolk Region along with the applications and deadlines for submission.

The NYS PTA website (nyspta.org) has a section on awards where you can access the information for the various awards and recognitions that are given by NYS PTA.

The National PTA website (www.pta.org) has information on National PTA awards and grants for units and councils throughout the year.

It is best to check these websites regularly as well as your email for information on deadlines and requirements for awards.
